Subject: Whole Foods CAFO -- follow up to today's conference call

Dear Michelle:

Per our discussion this afternoon, attached please find a list of civil judicial cases entered this year with SEPs or mitigation, as well as a list of administrative cases with SEPs approved in 2017. Also attached is the U.S. v. U.S. Steel consent decree, along with the opinion and order approving the motion to enter the consent decree. As John Fogarty explained during our call, the U.S. Steel settlement includes a SEP that is similar to the SEP in the EPA/Whole Foods Market consent agreement (see Appendix A, page 75 of the consent decree).

Hopefully the attached documents address/resolve the issues we've been discussing and so there may not be a need for Tuesday's conference call.

Please let me or John know if you have any questions.

I hope you have a good weekend.

Thanks,
Laura
